### PRICING

The trade pricing in this catalogue is marked as T-Code and put in a format which allows you to use the trade catalogue without consumers recognising the trade price. The first digit of the code indicates the level of mark up, S for Standard (1.80), D for double up (2.00) and E for Enhanced (2.30). The remaining digits represent the actual trade price with the decimal point removed, assuming there are two digits after the decimal point. So a T-Code of D2550 would be a trade price of £25.50 with a Double Up.

### ONLINE ORDERING PORTAL

**uk.purefishingmerchant.com**  
Customers can place orders online, check current stock availability and prices through our online portal, B2B.

Please email [uktradesales@purefishing.com](mailto:uktradesales@purefishing.com) for access or contact your Account Manager.

### TELEPHONE

**+44 (0) 1665 602 771**

Our Sales Administration Team are available to take your orders between: 08.45 to 16.45 Monday to Thursday and 08.45 to 15.15 on Friday.

### FAX

**+44 (0) 1665 602 389**

Orders can be sent by fax at anytime.

### EMAIL

**[uktradesales@purefishing.com](mailto:uktradesales@purefishing.com)**

Orders can be sent by email 24/7.

### DELIVERY

Delivery is normally within 48 hours for UK mainland addresses. Remote locations may take longer.

### CARRIAGE

Orders with a nett trade value of £150 or more will be delivered carriage free. Orders with a nett trade value of less than £150 are charged at £7.50 + VAT.

OVER THE YEARS, QUAD BY JRC HAS BECOME AN ESTABLISHED NAME IN THE CARP FISHING COMMUNITY. BIVVIES THAT CARRY THIS NAME ARE KNOWN FOR THE 4-RIB CONSTRUCTION AND THE HUGE INNER SPACE THEY OFFER. MORE THAN EVER, THE LONG-AWAITED QUAD 2G RANGE OFFERS THE CARP ANGLER A REAL 'HOME AWAY FROM HOME' AND THE BIVVIES ARE DESIGNED TO MAKE THE MIDDLE TO LONGER SESSIONS AS COMFORTABLE AS POSSIBLE. THE IDEAL COMPANION THAT OFFERS MAXIMUM INNER SPACE COMPARED TO ITS RELATIVELY COMPACT FOOTPRINT.

## QUAD 2G CONTINENTAL

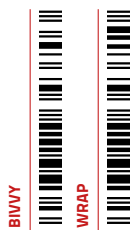

The versatile Continental has a three-door setting option with clear window, insect mesh panels and green door panel. Both bivvy and wrap come with heavy duty groundsheet, heavy duty pegs and heavy duty nylon carry bag.

- Ultra-light but extremely strong 6061 series aerospace grade aluminium ribs
- Double-jointed design to increase inner space
- Double coated Oxford nylon outer material with a 10,000HH rating
- 2-way door system, allowing you to create a letterbox opening
- 3 Door setting options, clear window, insect mesh panel and green door panel
- Storm baffle covered ventilation panels on the front, sides and rear for optimal climate control
- Detachable peak system
- Tape sealed seams throughout for 100% protection
- Bar stitched for maximum strength throughout

HYDRATEX®

## EXTREME TX BIVVY

The Extreme TX Bivvy represents the next generation of our legendary TX Shelters, offering best in class quality and superb protection against the elements. The zip off front panel can be adjusted to three different door settings which allow for a change in wind direction without moving the entire bivvy. The large front and rear vents along with the PVC door and window panels also makes this bivvy very adaptable to the different weather conditions anglers face.

- 20,000HH HYDRATEX® material
- High performance 2 rib structure
- Optimal foot-print / inner space ratio
- Peak system
- Zip-out front
- 2-way door construction with 3 door options (clear, green, mozzly)
- Long-life HD PVC groundsheet
- Large vents protected by anti-leak storm baffles
- High performance zips
- Taped seams
- Heavy duty pegs
- Supplied in a heavy duty top loading zip bag

PVC window panels for full view during rainy days

Clever JRC rod straps

JRC

## COCOON 2G BIVVY

The highly regarded JRC Cocoon Bivvy has had a makeover to improve on its already impressive features. Thanks to the brand new squared frame construction, the inner space has been drastically enlarged. This means that there is more than enough room for today's big size beds as well as all the gear anglers need to take on longer sessions. Available in a roomy 1 man and 2 man version.

- 10,000HH 210D PU coated nylon material
- Ultralight 6061 aerospace grade rigid aluminium poles in a non-glare titanium grey finish
- Integral peak system
- Heavy duty 100% PVC groundsheet
- Interlocking tension bars
- Large front and back vents
- 3 door options (clear, green, mozzie)
- Letterbox door option
- Rod retaining straps
- Including heavy duty carry bag and pegs

**WRAP AVAILABLE  
ON 1 & 2 MAN**

## COCOON 2G TWIN SKIN BIVVY

Make condensation a thing of the past with the Cocoon 2G Twin Skin Bivvy. JRC were the first to create a practical well vented twin skin bivvy that revolutionised comfort on the bank, and now this modernised version brings even more creature comforts to make waiting for that dream fish a pleasure. Available as a roomy 1 man and 2 man version.

- 10,000HH 210D 100% nylon outer skin
- Inner skin with oversized vents
- Integral peak system
- Virtually condensation free
- Fully tape sealed seams on outer skin
- Lightweight 100% PVC HD removable groundsheet
- Ultralight 6061 aerospace grade rigid aluminium poles in a non-glare titanium grey finish
- Multi position zip door with PVC window and mosquito mesh sides
- Interlocking rigid aluminium tension poles
- Including strong carrybag & HD steel pegs
- Large back vents in outer skin

## COCOON 2G SHELTER

The perfect rapid erect quick overnight or day shelter. The Cocoon 2G Shelter is lightweight and easy to set up with its 2 rib, 2 break point construction. The 10,000mm Hydrostatic Head means that it is extremely waterproof and the integrated 1/3 ground sheet means your bags and spare clothing can be kept off the ground. To turn this short session shelter into a full bivvy during cold and wet days there is a separately available Shelter Session Kit.

- 10,000HH 210D PU coated nylon material
- Ultralight 6061 aerospace grade rigid aluminium poles in a non-glare titanium grey finish
- Lightweight integrated groundsheet system
- Interlocking tension bars
- Lightweight and easy-to-set up 2-rib construction

## COCOON 2G

### UNIVERSAL PORCH

This unique porch system extends to fit nearly any sized bivvy, offering a large living and cooking area that is perfect for longer sessions. Thanks to the clever design the height of the porch can be adjusted to fit either a compact 1-man bivvy or an oversized continental dome. It offers enough room for multiple people to sit in and lends itself very well to accommodate extra guests during the night. It's also ideal to use as a cooking area. When the weather is bad, the porch enables you to change out of wet clothing and boots, with enough space to stand upright helping keep the sleeping area from getting wet and dirty.

- 10,000HH 210D 100% nylon outer skin
- Ultralight 6061 aerospace grade rigid aluminium poles in a non-glare titanium grey finish
- Adjustable height
- Multi position zip door with mosquito mesh
- Clever bivvy-connect system that fits most tent sizes on the market
- Rigid aluminium tension poles
- Including strong carrybag & HD steel pegs

## STEALTH BLOXX COMPACT 2G

The Stealth Bloxx CPT 2G is an evolution from the popular Bloxx Bivvies. The rapid set up sturdy construction has been re-engineered slightly to aid water dispersion and increase the aesthetics, yet retains the attributes that made the Bloxx popular.

- 10,000HH Hydratex waterproof material
- Lightweight central block design for ultra-fast set up
- Tape sealed seams throughout
- Integrated peak for entrance protection
- Integrated rain gutter
- 2-way door system that offers letterbox set-up
- High grade aluminium ribs
- Large back vents for accurate climate control
- Mozy mesh in door and vents to keep bugs out
- Supplied with clever integral cap-style wrap for additional insulation & reduced condensation
- Storm pole caps and 2 x 48" storm poles included
- Heavy duty PE groundsheet
- Supplied with heavy duty pegs and carry bag

NEW!

## STEALTH BLOXX COMPACT 2G OVERWRAP

**Full overwrap** that offers additional insulation and reduces condensation during colder periods, as well as extra stowing space below the peak.

- 10,000HH Hydratex waterproof material
- Tape sealed seams throughout
- 2-way door system that offers letterbox set-up
- Large back vents for accurate climate control
- Mozy mesh in door and vents to keep bugs out
- Supplied with heavy duty pegs and carry bag

## DEFENDER PEAK BIVVY

Utilising the new Defender space efficient bivy design, this version includes a peak and mozzi mesh vents front and back.

Packed full of features requested by the modern carp angler, the Defender Peak bivy is set to become the market leading bivy at this very affordable price point. Affordable quality without compromise.

- 5,000HH 210D PU coated polyester
- Taped seams
- Reinforced pegging points
- Two, rigid, 5-section 16mm 6061 lightweight aluminium poles
- Peak for improved doorway protection
- Roll back front option with buckle retainers
- Very practical design offering maximised internal space
- 2-Way letterbox style door system
- 3 Door window options (green, clear PVC, mozzi mesh)
- Front and rear mozzi mesh vents
- Velcro rod retaining straps
- Tough and lightweight Velcro-in groundsheet
- Tension bars included
- Supplied with heavy duty T-pegs
- Complete with durable and easy access carry case

PVC window option

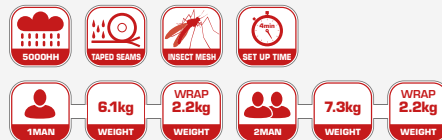

Mozzi mesh ventilation at the front...

...and the rear.

## DEFENDER PEAK BIVVY WRAP

A great addition for your Defender Peak bivy, not only will it eradicate condensation in cold and damp conditions, but also add further insulation. The two front side wings provide additional storage space for items such as bait buckets and dirty boots.

## DEFENDER BIVVY

It's fair to say the Contact range of bivvies made a huge impact when launched and became the first choice for many anglers across Europe.

Replacing Contact is the Defender range which is set to become as influential, if not more so, with its updated space efficient shape, modernised features and the hallmark high quality materials, poles and zips for this very affordable price point. Affordable quality without compromise.

- 5,000HH 210D PU coated polyester

#### 2 MAN WRAP

## DEFENDER BIVVY WRAP

A great addition for your Defender bivvy, not only will it eradicate condensation in cold and damp conditions, but also add further insulation. The two front side wings provide additional storage space for items such as bait buckets and dirty boots.

## DEFENDER SHELTER

Ideal for the short session or mobile angler, the Defender Shelter is very quick to erect and pack down, whilst also being very compact and lightweight for easy transport. We even offer a range of fronts and an overwrap to complement the Shelter to offer even greater protection against the elements and mosquitos.

- 5,000HH 210D PU coated polyester
- Taped seams
- Front elasticated pegging point tensioners
- Reinforced pegging points
- Two, rigid, 5-section 16mm 6061 lightweight aluminium poles
- Very practical design offering maximised internal space
- Interlocking tension bars
- Velcro rod retaining straps
- Supplied with heavy duty T-pegs and carry bag
- Tough and lightweight Velcro-in groundsheet
- Tension bars included
- Complete with durable and easy access carry case

**DESIGNED TO FIT MOST  
PRAM HOOD SHELTERS  
ON THE MARKET**

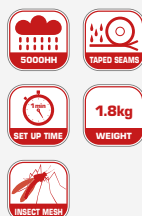

## DEFENDER SHELTER OVERWRAP

A great addition for your Defender Shelter, not only will it eradicate condensation in cold and damp conditions, but also adds further insulation.

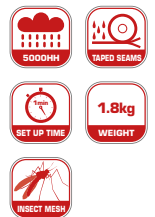

## DEFENDER SHELTER MULTI-FIT MOZZI FRONT

Designed to fit most pram hood shelters on the market including the Defender version, this easy to fit front will keep your bankside home free from mosquito invasion.

## DEFENDER SHELTER MULTI-FIT WATERPROOF FRONT

Designed to fit most pram hood shelters on the market including the Defender version, this easy to fit front will turn your open fronted shelter into a fully protected biwy in a matter of seconds. The clever design fits over the front pole of your shelter and has an elastication tension system to keep it tight against the pole and biwy material. Once positioned all you need to do is peg it down and you have a full a biwy complete with a door.

## DEFENDER 60" OVAL BROLLY

The Defender Oval Brolly offers an incredibly stable shelter due to the four rear spars resting on the ground, plus the extended side wings providing additional protection against bad weather conditions. To maximise the internal space the brolly also has a low profile plunger system.

- 5,000HH 210D PU coated polyester
- Taped seams
- Storm wings for extra protection
- Front rain gutter
- Multiple height pegging points
- Velcro rod retaining straps
- 8mm fibreglass frame for increased rigidity and decreased weight
- Low profile plunger for increased internal space
- Supplied with quick set-up central pole
- Package includes two 26" storm poles (which can be left attached and placed into the pockets provided) and four storm caps
- Tough and lightweight Velcro-in groundsheet
- Supplied with heavy duty T-pegs
- Complete with durable and easy access carry case

## EXTREME TX 270 & 330 BOATS

JRC Extreme TX Inflatable boats have been designed and developed for the mobile distance angler on large lakes and rivers. This type of fishing is getting more and more popular because of its spectacular nature and the increased chances of reaching those big shy carp. To meet the standards of today's demanding boat angler, the boats have been primarily designed to be reliable, robust and very stable on the water.

- Heavy duty dark olive green fabric
- 2 x two piece aluminium oars in matt black colour
- 4 Strategically placed grab handles
- Adjustable marine grade plywood bench seat
- Stainless steel towing anchor fixing ring on the front
- Air mat floor
- Heavy duty engine mount
- Inflatable keel for increased stability
- Foot pump
- Repair kit
- Heavy duty carrying bag
- 50% PVC / 50% polyester material

### 100% FLAT BED EXPERIENCE

## EXTREME BEDCHAIR

Designed to let the angler fully enjoy their sessions, the Extreme bedchair features the unique JRC CAM-lock system. This has two big advantages over conventional bedchairs. First of all, the chance of losing the hand wheels is gone. Secondly, this system has created one of the first completely flat bedchairs. On top of that, the removable mattress offers an unmatched insulation that keeps the angler warm in the winter and cool in the summer. Thanks to the oversized design of the mattress (100cm wide and 210cm long) and the complete flat position of the frame, nights out on the banks can't get any more comfortable!

- Ultra strong but extremely light 6061 aerospace grade aluminium frame
- Equipped with the unique JRC CAM-lock system for a 100% flat bed experience
- Non-reflective scratch proof industrial powder coating
- Multi point recliner system
- 100% 1200D polyester cover filled with high density foam
- Thick removable super insulating mattress for maximum comfort
- 2 practical zipped pockets on the side
- Fully adjustable legs with locking system
- Oversized swivel and fold mud feet with multi grip surface

COCOON 2G  
LEVELBEDS

Introducing the next generation beds from JRC. The lightweight aluminium frame construction enables a 100% flat sleeping experience, hence the name "levelbed". The luxury thick padded mattress, combined with the anti-sagging system offers ultimate comfort on the bank. Available in a standard, compact and an XL version.

- Ultra lightweight aluminium frame construction
- Double hinge system to fit any size sleeping bag
- Large leg-locks for safety and easy handling in the bivvy
- Compact transport dimensions
- Extra thick padded mattress with luxury suede finish
- Custom designed JRC swiveling mudfeet
- No elastic around the frame to ensure even distribution and tidy folding of the bed
- Integrated zipped pouch for storage of valuables or receiver
- Integrated pillow in the head part

## EASY RIDER EXTREME

This barrow has all the features you need, 2 side pockets and also a large storage bag, set low to ensure that the centre of gravity is kept low for maximum manoeuvrability. The bag is ideal for storing the wide track wheel when transporting the barrow in your vehicle. It also has 2 small quick access side pockets, extendable front and side bars, and is fitted with our unique, 'fold flat/stay flat' transport design, courtesy of our clever use of magnets. Comes supplied with custom fit rain cover and 2 luggage straps for safe transportation on the bank.

- 3 barrow bags included: 2 on each side of the wheel, ideal for bait boat batteries and water bottles
- 1 bag at the back for bigger tackle items and for the wheel when storing
- Extending side and front frames
- Strong steel construction
- Folds fully flat and kept together with magnets
- Supplied with 2 straps
- Wide wheel for more stability
- Including rain cover
- Small quick access pocket on biggest bag for phone and keys

## CONTACT BARROW

The Contact Barrow was created to solve practical difficulties. The size and complexity of dismantling a standard barrow has always been an issue but, thanks to the clever handle-folding system, the handles can be stowed underneath the frame for transport within seconds and the wheel is quickly detachable. In addition to saving time and space, this barrow offers the strength and durability that Contact products are famous for.

The handles can be stowed underneath the frame for transport within seconds

- Unique handle-folding system
- Handle cross-bar for additional strength
- Heavy duty steel frame
- Black non-glare powder coating
- 600D Nylon barrow bag included
- 2 elastic straps included

**PACKED AWAY IN  
YOUR CAR IN LESS  
THAN 10 SECONDS!**

## COCOON 2G BARROW

NEW!

The Cocoon 2G barrow is designed with a quick and easy fold in/out system for rapid set up and pack down, to make the most of these extra minutes on the bank. The adjustable front and side bars allow for a large loading surface to fit several days kit on to ensure you only need one trip to the swim, yet it packs down to a low profile for easy storage. The narrow wheel is designed for easy manoeuvring on winding paths and perfect for firm surfaces.

- Rapid set up and pack down time
- Low pack down profile for easy transportation and storage
- Large loading surface with adjustable front and sidebars
- Narrow wheel design for ease of manoeuvring
- Clever wheel positioning for optimal weight distribution
- Moulded handle grips with profile for secure grip
- Rear leg assembly with JRC custom moulded mud feet
- Fold-down front bar to support all kinds of luggage
- Dimensions: 1490x850x440/850
- Transport Dimensions: 950x885x260mm

## COCOON 2G BARROW WIDE WHEEL

NEW!

The wide wheel design with deep tread makes the barrow more stable and allows it to grip into soft surfaces to prevent slippage.

The Extreme TX rod range offers a rod for everybody, from the compact 10' versions including two rods designed for boat fishing, through to the very popular choices of 12' 3.00lb, 3.25lb and completing the range with the long distance 3.50lb, 3.75lb versions. This very versatile range has the rod for you with the correct blank action to suit the fishing type.

To complement this extensive range there is also a Spod/Marker rod.

The whole range utilises modern carbon blank design and the latest trends in guides and reel seats.

- 36T carbon progressive action blank construction
- Slim inlay, braid resistant SIC guides
- Carbon line clip
- Carbon reel seat with isotope slot
- Laser engraved metal butt cap

Braid resistant SIC guides in a black gloss finish

## CONTACT RODS

Representing unbelievable value, we have used only high performance carbon composite fibres and fitted lightweight LTS guides with a fluted DPS reel seat, plus a stylish nylon line clip and an abbreviated handle. Finished with a dark grey carbon matt varnish with a woven carbon effect section above the reel seat, fitted with classy black whippings these rods really look the business. This series will suit every new or intermediate carp angler who needs a rod of real value for money but backed with solid performance.

- Carbon composite construction
- DPS reel seat
- Lightweight LTS SIC guides
- Nylon line clip
- Stylish woven carbon section above reel seat

## RADAR CX ALARM

The New Radar CX Alarm is a mid price buzzer that sports all the attributes of a much higher priced system. Not many alarms can boast that they are designed, engineered and tested in the UK with features such as volume, tone, sensitivity, travelling LED, digitally amplified sound & receiver compatible for this affordable price point.

- Designed, engineered & tested in the UK
- Travelling blue LEDs
- 20 second latching LED
- Stepless adjustable volume, tone, and sensitivity
- Magneto-dynamic speaker with digital amplifier for superior sound quality
- Housing made out of high impact ABS material
- Range of 150m+
- Manual highlight function
- All weather proof, double sealed electronic parts
- Long battery life
- Rubber inserts to keep the rod from sliding
- Low battery warning
- Operates on 1 x 9V Battery (not included)
- Manual power on-off
- Power out socket
- Rolling code ID function prevents interference by other alarms on the same lake

**RADAR DS**  
**SWING & HANGER INDICATORS**

JRC introduces a revolutionary illuminated indicator that is available as both a swing indicator and a hanger. The latest micro-programming has made it possible to change the colours of the LEDs and adjust the brightness of the light. This enables you to personalise your indicator and adapt it to any specific situation. Thanks to the clever design, the indicators are extremely easy to set-up so that you don't lose any valuable fishing time. Due to the adjustable weights, the Radar DS Indicators are perfect for short range and long distance fishing.

- Designed and engineered in the UK
- Hockey stick with quick-connect system
- Magnetic free running or line grip clip
- Clever aerodynamic profile
- Adjustable multi-colour high performance LEDs (Red, Orange, Green, Pink, Blue, Purple, White)
- Adjustable brightness of the LEDs
- Aerospace grade aluminium swing arm
- Add on weight system (25g and 35g)
- All weather design
- Powered by the alarm unit

Connects to most popular bite alarms

## KURVE SLIM INDICATORS

After the success of the JRC Kurve indicator we now have launched the Slim Kurve Indicator. Very smart slim designed hinging body with multiple colour variations to suit the anglers taste.

- Designed and engineered in the UK
- Slim designed hinging body
- Smart designed internal isotope slot
- Dual line clip for fixed or sliding line use, which is still suitable for mono or braided line
- 2 stainless steel screw on weights included
- Bodies can be switched by easy turn and fix system
- Detachable line clip by easy turn and fix system

Kurve Slim Indicator Black: available in yellow, green, red, blue or purple

Black Neon: available in neon yellow, neon green, neon orange, white and black

White Neon: available in neon yellow, neon green, neon orange, white and black

### BLACK

- Black chain or stiff arm option with hockey stick attachment
- 5 different colour bodies available in yellow, green, red, blue and purple

### BLACK NEON

- Black chain or stiff arm option with hockey stick attachment
- 5 different colour bodies available in neon yellow, neon green, neon orange, white and black

### WHITE NEON

- Silver chain or white stiff arm option with hockey stick attachment
- 5 different colour bodies available in neon yellow, neon green, neon orange, white and black

Chain or stiff arm option with hockey stick attachment

2 stainless steel screw on weights

The sets come in a stylish JRC protection case made of lightweight EVA material

## KURVE INDICATOR SYSTEM

Introducing one of the most versatile indicators available today. The Kurve Indicator features an articulating head and unique line clip system which can be set to grip the line or allow it to run freely. These two key factors mean that the Kurve can be adjusted to be incredibly sensitive at picking shy bites or adjusted to minimise false bites caused by wind etc. Thanks to the flattened surface of the Kurves body, the indicator can be positioned flat on the ground when fishing slack line, again increasing sensitivity and decreasing false wind related bleeps. Five colour lenses are included so you can 'pimp' your Kurve up and, with both a chain and swing arm you can tailor the indicator to your preference. Don't settle for less indication – go for the Kurve!

- Designed and engineered in the UK
- Clever hinging indicator body
- Unique line grip or free running clip
- Black ball chain
- Rigid swing arm with a unique integrated metal aligner system
- 5 clip-on lenses, each with a different appealing colour
- Beta-light slot behind the colour lens
- 2 additional add on weights

Isotope slot behind the colour lens

Stainless steel add-on weight

## EXTREME TX POD

Probably the most versatile pod in carp fishing, the Extreme TX Pod can be used in any fishing conditions. Adjustable in length, height and various leg angles, the Extreme TX pod adapts to any surface. As the pod comes with a set of extra long front legs, you can transform it from a classical all-round pod into a high pod for extreme distance fishing. Available in both a 3 and a 4 rod version.

- Lightweight but strong aluminium construction
- Non-glare black coating
- Durable CAD-designed ABS parts
- Oversized cam levers for easy handling and optimal force distribution
- Intelligent multiple leg splay and angle adjustment
- Stepless length and height adjustment
- Countersunk screw system for easy alarm alignment
- Compact transportation dimensions
- Comes with a set of long legs for long distance set up
- Padded transport case with room for alarms included

### LONG DISTANCE SETUP

### CLASSIC SETUP

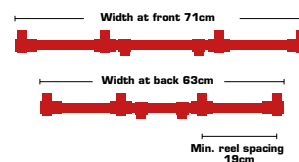

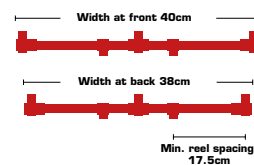

Intelligent multiple leg splay and angle adjustment

Oversized cam levers for easy handling and optimal force distribution

Countersunk screw system for easy alarm alignment

**35% LIGHTER THAN THE STANDARD COCOON QUAD POD!**

## COCOON CARBON QUAD-POD

After the success of the aluminium version of the Cocoon Quad-Pod, we have taken pod design to the next level by producing a version in carbon, not just any carbon blend, but utilising 30T carbon which provides the ultimate in strength and lightness.

The Cocoon Quad Pod with its four central leg system is designed for all-terrain from wooden platforms to very uneven hard ground. Whatever bankside conditions you are faced with the Cocoon Quad Pod will offer a rock solid set-up.

- 30T Carbon construction for strength and lightness
- 3K carbon weave
- Durable CAD-designed ABS parts
- Oversized cam levers for easy handling and optimal force distribution
- Intelligent multiple leg splay and angle adjustment
- Supplied with front and back buzz bars (40cm & 38cm)
- Countersunk screw system for easy alarm alignment
- Padded transport case with room for alarms included

## COCOON CARBON POD

Utilising the 30T this pod combines the most up-to-date materials with very versatile functionality. The design provides multiple options for rod positioning on platforms, hard or uneven ground. Take your bankware to the next level in both looks and performance with the Cocoon Carbon Pod.

## X-LITE ROD-BLOXX

Industry first adjustable rod rest, mega tight grip due to the adjustable hinging parts, but easy release of the rod when striking. This rod rest offers incredible rod safety even when extreme snag fishing. The different colour options makes it possible to even match your hangers and your alarms.

- 3D CAD designed and engineered in the UK
- Square base with isotope slot
- Adjustable hinging parts to control grip level
- Adjustment grip level with allen key
- Changeable inlays in 3 sizes in black
- Bloxx Medium can hold 14, 15 and 16mm carp rods
- Bloxx Large can hold 17, 18 and 19mm carp rods
- Industry first adjustable rod rest for 100% grip
- Perfect rod grip for conventional up to extreme snag fishing
- Probably the most powerful rod rest ever designed

### X-LITE MEDIUM ROD-BLOXX MULTICOLOUR INLAYS

- Changeable inlays in 3 sizes
- Can hold 14, 15, and 16 mm carp rods
- 7 cool colors
- Perfect for customizing your Rod Bloxx

## COCOON MOD ROD SLEEVES

The Cocoon MOD (short for Modular) Rod Sleeve system offers a revolutionary, versatile rod management solution that is lighter, more compact and offers greater protection and adaptability than any other rod sleeve system on the market. The MOD system allows you to connect single rod sleeves together to create whatever custom rod carrying solution you require. With the addition of one of our side pockets (sold separately) you also have the ability to transport your bivvy and accessories with minimum bulk, total security and adaptability.

- Fits all big pit reels
- Clever MOD connection system
- Fully lined and padded
- Neoprene padded carry handle
- Full length anti-snag zips on back of sleeve
- Compatible with 50mm ringing patterns
- Made out of durable JX73 material that is dirt and water repellent

## LANDING NETS

### 42 / 50 INCH

A robust and practical landing net that is the ideal tool under even the toughest conditions. The clever magnetic mesh retainer offers a simplistic solution for keeping the mesh out of the snags, compared to the damaging ring and clip systems on the market today. With its 6'6" (198cm) length it offers just a little bit more reach when fishing in difficult spots.

- Strong and slim carbon composite handle (total length 198cm) with a detachable front part (15cm)
- Custom designed folding spreader block out of stainless steel
- Strong arms and soft black mesh
- Magnetic mesh retainer system
- EVA floatation tubes around the arms
- Japanese shrink rubber grip
- Subtle logo positioning
- Extremely durable and non-stretch tension cord
- Available in 50 inch and 42 inch heads
- Abbreviated duplon handle
- Supplied in a nylon bag

Magnetic mesh retainer system

Super strong carbon reinforced arms

# COCOON 2G

## LONG REACH

### LANDING NET 42 INCH

NEW!

A long reach version of the proven Cocoon landing net that is a great tool for conditions that require a longer reach. The 3 piece, dual grip handle means it can be used in its long form (idea for zigs), standard length or short form – for boat or stalking use.

- Designed for situations that require longer reach
- Extra long 3 piece carbon composite handle (total length 2.8m)
- Great for landing fish on long zigs
- Can be used as a standard 1.8m handle or as a short 0.9m boat net
- Dual shrink rubber grips for use at different lengths
- Custom designed heavy duty nylon spreader block
- Carbon arms and soft green mesh
- JRC's magnetic mesh retainer system
- Compact pack down size – 115 x 16cm
- Durable, coated and non-stretch tension cord
- Isotope slot

- Tough and washable PVC construction
- Folds flat for easy transportation
- Secure carry handle
- 1.5 litres capacity

NEW!

## COCOON 2G HI CARE MAT

NEW!

We believe this is our best mat on the market! The folding system means it can be (set up or) packed away quickly leaving a low profile design that is easy to store. The hinge system allows us to use an extra thick mattress for great fish protection. Once packed away this mat is self contained without the stink bag.

- New rapid fold out design that takes up less space than its predecessor during transportation and storage
- Extra thick high density foam filled mattress for great fish protection
- Clever hinge in mattress to create a flat fold
- High density foam filled walls with PE board to keep it upright
- Perforated rubber mesh lid and base for quick drainage and safe fish retention
- Carry handle with Velcro wrap over hand grip
- Suited for fish up to 65lbs/30kg,
- 420D nylon construction with heavy duty Velcro retaining system in removable mattress
- Anti-stink bag included for clean transportation
- Reflective rim to easily locate in the dark

REUBEN HEATON  
60LB / 120LB SCALES

A set of quality scales that will reliably and accurately weigh fish up to 60lb (2oz divisions) and 120lb (4oz divisions). Manufactured by Reuben Heaton in the UK, these are the most reliable scales on the market today! Also graduated in kgs for continental anglers.

- Reliable heavy duty scales
- Single rotation 60lb in 2oz divisions
- 120lb in 4oz divisions

SKYLINER  
CARBON THROWING  
STICK

The JRC team has designed a premium throwing stick made out of high modulus carbon. The weight reduction is impressive and enables more accurate baiting sessions and much less fatigue. Great distances can be reached easily thanks to the computer designed curve!

- Premium full T36 carbon construction
- 22mm one size fits all
- Ultra-light design for long pre baiting periods
- 1K woven carbon finish with matt surface treatment
- Japanese shrink rubber handle finish
- Luxury neoprene protection sleeve

Connect to a pole for weighing heavier specimens.

### COCOON 2G WEIGH HOOK

NEW!

New JRC designed weigh bar for use as handheld or on a weigh pole.

- Lightweight design
- Padded grips for comfort
- Hybrid steel and aluminium construction
- Fits bank sticks and landing net threads
- Comes in a padded protection pouch

### COCOON 2G TRIPOD

NEW!

A tripod is essential to accurately being able to record the weight of large fish, without the needle bouncing around wildly! It also reduces the amount of time the fish is required on the bank.

- Safer and more accurate weighing of carp compared to keeping the weigh scale in your hands
- Telescopic adjustable aluminium legs
- Strong and reliable centre block with robust hook
- Supplied in a tough carry bag
